STICK

Spring Event & AGM: RE:imagining industrial heritage

STICK's spring event features talks on reimagining and interpreting industrial and transport heritage. It includes a guided tour of the award winning Fairfield building and our annual AGM.

Our speakers are visual artist Sue Jane Taylor, curator Martin Bellamy of Glasgow Museums and marine artist Tom Robertson. It is a unique opportunity to hear Sue Jane Taylor speak about her work exploring the people and places of Scotland's offshore energy industry ahead of the Age of Oil exhibition at National Museums Scotland in July.

Friday 24th March 2017 | Glasgow
Fairfield Heritage Centre
£10 including lunch

Book via eventbrite www.eventbrite.com/o/stick-13128860179
